

## REMARKS

Claims 13, 17-21, and 24-36 are in the case and presented for consideration.

The specification has been amended to not only reflect the status of the case as a continuation but also to incorporate the parent application by reference. The specification has also been amended to correct a typographical error. Page 5, lines 14-15 refer to Fig. 4 as showing a flowchart carried out by the transmitter of Fig. 1, which is incorrect. The Brief Description of the Figures explains that Fig. 4 shows a flowchart of processing steps carried out by the transmitter of Fig. 2. Thus, page 5, lines 14-15 have been amended to correctly reflect the Brief Description of the Figures. No new matter has been added.

Claims 13, 16-17, and 19-21 have been rejected under 35 U.S.C. 101 as being directed to non-statutory subject matter. Claim 16 has been canceled and the remaining claims have been drafted to overcome the rejection. The claims have also been amended for conciseness. The claims have not been amended to overcome prior art and therefore, Applicant respectfully reserves all rights under the Doctrine of Equivalents and is entitled to the full scope of Equivalents. Applicant furthermore reserves the right to reintroduce subject matter deleted herein at a later time during the prosecution of this application or continuing applications.

Claims 13 and 18 have been objected to as duplicative of claim 16 and 22. Without conceding the correctness of the objection, claims 16 and 22 have been canceled to advance prosecution.

Furthermore, new claims 24-36 have been introduced and are believed to be in condition for allowance.

Accordingly, the application and claims are believed to be in condition for allowance, and favorable action is respectfully requested. No new matter has been added.

If any issues remain which may be resolved by telephonic communication, the Examiner is respectfully invited to contact the undersigned at the number below, if such will advance the application to allowance.

The Commissioner is hereby authorized to credit any overpayment or charge any fee (except the issue fee) to Account No. 14-1270.

Respectfully submitted,

By: /Yan Glickberg/
